And the award for most retarded statement ever goes to... you.

Besides, if you are going to be playing Glacier_AI all your life, why the heck are you playing City_Flying in the next one?

If you are going to make up a post like that, at least try to support it later, squire.

Your a funny guy, I almost thought you were being serious! :rolleyes:

FYI: I was going for a DJ laptop dramatic reading NOT 'The Most Retarded Statement Ever' award
