Ok so i got bored and redid some PT icons. I may release but want comments first.

The unit names on the pics are not part of the icons. I was bored and just screwin around. I'm going to re do the ones with player names on them

Remove your name from the ones that have it

When you're on the server list screen go to the left side and select "options" and uncheck the option that says "Display Player Names In Game".

I like the Ion Cannon one, and the Flamer. The other ones that have their back turned to us just don't fit it.
