Then the ob will try to shoot you, but it doesn't kill you or hurt you at all if you stand at the perfect spot!!!It's so funny, cuz then you can have an apc rush while it's trying to murder you .Thanks I'll be sure to use it No, but i disagree on the ob being 100\% accurate, I walk in front of it all the time from the side and run back without getting hit to get a good snipe in. P.S. Great MTV production, u have a full length? [ February 05, 2003, 19:39: Message edited by: dq001 ]
