front of a humvee if u don't have money and they have a steatlh or sumthin. Then ram into them. If you have enough, this will cause temporary lag and a giant explosion, and also completely obliterate your enemy tank and his infantry unit. PLZ NEVER, NEVER use this n00b taktic.

for real u could just as well run them over. All the work your teammates have spend to mine the base will be lost, cos of the mine limit.
