quote:Originally posted by JeffLee67:On Nod I used to do the rush in the tunnels but lately I've been putting down some remote c4 on the Refinery floor and lighting up any GDI fools who dare enter! Those sneaky GDI folks like to make a run for the Refinery while the rest of their team is making a run for the HON.GDI...rushing to the Nod Ref...on Islands?? *confused*...you mean they rush in from the water bridge side? LOL
