I need some strategies or help or something,I can get to the switch and flip it but by the time I get there I have lost so much health & armor that i die right away.If i try to clear out the room first I run out of weapons. I have 369 rounds for the volt rifle,52rounds for the flame thrower,14 for the laser rifle,48 for the laser chain gun,35 for the rocket launcher,and a lot of grenades but they dont seem to work real well on templars.Any help you could give me would be greatly appreciated.
