quote:Originally posted by super_elite2099:Don't forget about the teammates who leave when your team loses a couple of buildings. It is so frustrating because the other team is usually still at the base attacking. They don't realize that the game can still be salvaged. Why can't some people finish what they start?This happens I think more so because they believe they won't lose any points from the ladder, but they really lose more since they can't gain any more points if they leave, thus people will surpass them.
