Havoc reaks on Sakura. And PIC Sydney reigns Ion Cannon crap on Raveshaw every day of the week and your wondering why I'm putting this under Tactics & Strategies because a good tactic AND strategy is be GDI. If anyone thinks Nod is better post your reason why here and I'll tell you why GDI dominates over your crappy thought that Nod rules.I love nod more because of it's flame & stealth tanks. It has a great power when they rush together. One day in under.mix, 9 flame tanks rush to the agt and destory it in 5-7 secs.     Vehicle limit is 8!!!!lol, it's 9Harvesters Remember
