We all know them, the bad losers calling you a cheater when you shoot em in the head. And how they can come up with stuff beats me but hell are they creative! I can't help it that I'm a pro and you're a n00b... here are some things I got accused of: -aimbot (we all know that one) -god mode (learn how to aim you n00b!) -auto heal (where do they come up with it!) -all weapons (there is a rumor about this but it's not true) I could go on for ever, but I won't... Just get over it stupid n00bz, ok if you're killed as a 1000 credit unit ok that sucks and I also get really \*\*\*\*ed but that's no reason to start making excuses just because you weren't paying attention or you're just a newbie which is no crime. Here is a statement: Players that can't aim well are newbies, they become n00bs once they start accusing you of cheating.
