quote:Originally posted by BoSsRuLeZ:Actually one nice sniping spot in walls_flying is the roof of both refineries. Go there and get as close as you can to the edge of the roof (normal access from ramp). Then crouch and you can snipe unsuspected victims. It usually takes a lot for them to understand where the bullets come from. Also you have infinite ammo and get rid of reloads. I second this, but you should use the cheaper sniper only if you want to stay hidden longer.
