Grrr. Nothing new I know, but I was just playing CITY FLYING on Dev's House Server, and my GDI team got spanked. Four Orcas all shooting at our own power plant, screaming DEFEND THE POWER PLANT. I run and get killed by Nod army in our pp. I spawn again inside the power plant, get killed again. Spawn in Ref, run to PP and get killed again, all while trying to disarm the dozen c4 on MCT. Of course on a 20 man team, I am one of 2 guys in the pp dealing with the situation. Power Plant dies, Orcas fly off. Way to keep the Orcas!! GRRR. At some point you must park your vehicle and GET IN THE BUILDING TO FIGHT THE BAD GUYS! If everyone know this already, why doe sit still happen?
