I think the snipers are great. If you kill the enemy barracks, then use the Havoc/Sakura cause thay can't build anything but anywhere shot kills inf. When I am Nod, all snipers fear be, because THE STEALTH SHALL REIGN!! ALL HAIL STEALTH KINGS! But, you you jump a heckuva lot mayb you wont get headshotted. Its easy to headshot even while ppl run, especially when they run right at you. Well, thats my 50 bucks.
