sbh with snipers aint that good, coz when u scope in they r reaveale coz its a form of shooting coz its secondry fire.i luv sbh's with a rail gun, or mostly i use a pistol, silent but deadly, i use it, creep behind ppl in a sniper game, 6 heashots, dead, hide until u r stealthed and the other ppl dont know where r were, and by the time the enemy tell them, u have moved
