speaking of foot soldiers have you noticed that when a team loses their barracks and guard tower the tanks start rushing in, so why do people stay as the machinegun soldiers? so many times a tanks swarms the base and kills so many people because they're shooting at it with the machinegun! for god sake if the whole team were flame infantry or grenade guys then tanks wouldn't be a problem, and when the infantry pops out of the tank torch him or lob grenades, 9 grenade guys shooting at you will most likely kill you in a few seconds.
