Amen to that. Just the other day that happened. I bought a flame tank, and while chasing it off the runway, some n00b jumps in and takes off. I jump in with him and start hollering at him via team chat to get out of my tank. He ignores and drives right into the GDI base. I finally sent him a page and told him to get out. He stops, but doesn't get out. All the while, my tank getting pounded. Finally he hops out and a message "sorry, dude" appears on team chat. Now I have a tank at 25% health surrounded by about 4 grenadiers. Needless to say, I didn't get much bang for that 800 bucks....
