If I start as GDI on Field, I will engy rush the Harvy to get some points, then buy a Deadeye and snipe away. Meanwhile, GDI usually owns the field and begins bombarding the HON. I inevitably die. Then I buy a Hotty, a Med tank, and rush to the front. By then a couple meds a mammy and a mrls are pounding the HON, which is being repaired at an equal rate. And maybe a light tank or stealth will pop around the wall and fire away, backing up quickly to repair. I charge forward, spamming 'Move Out'. In about 20 seconds, if my teammates are not total n00bs, the Ob is down. GDI Should always own on Field.
