If you have a hot wire or tech repairing your vehicle while you are getting shot, FOR THE LOVE OF PETE, STOP MOVING!" I could see if it was just an engy, but the hotty and tech repairs fast enough to avoid your demise. I can't count how many times, I've tried to repair and even though I'm repairing faster than hes getting hurt, he'll back up and leave me exposed, then get smoked anyways. HELLO!
