w00tl shouldn't be doing this...hehehew00ty Mcw00tBwahahahahahahahaah
quote:TankCommander06 (or something like that) lost an MLR to me while he got out and repaired his vehicle.I sniped him from behind (Stealth BH with Sniper Rifle), got in his MLR and destroyed two of his teammates in Med Tanks.He got upset and let me know just how ****ed he was, and when I replied he just said he didn't care about MLRs or his team mates. After all, according to him, it was their fault they got destroyed because they didn't look at the Nod sign on the MLR he lost.and quote:But I was able to destroy TankCommander06 using that Mammoth I stole So I guess it was his fault for not paying attention to the Nod sign on the stolen Mammoth Thats bizarre. AirCraftKiller was playing gdi and a NOD guy got stole his vehicle. Then later he berated others and then was killed for doing the same thing himself.**** are you sure this is right? I thought that the guy was perfect. Well thats what he always seems to think, in comparison to the rest of us.w00ty mac w00t ;*)[June 06, 2002: Message edited by: oleum]
