My own hollywood moment :On city\_flying,I am getting out of our(GDI) base with a MRLS.Then I see an apache that starts pounding me.My MRLS blew up,I went near the barrels under the bridge,it was firing machine gun bullets at me.Everything seems to be lost!Then I hear a very strong engine noise...I look behind the apache..MISSILE FIRE!BOOM!Apache is dead,a

and drvies me to base.Every time that kind of thing happens,I think that it was a good thing that I bought Renegade [ June 12, 2002, 10:22: Message edited by: SlimyFury ]
