I wish, if when people stole tanks, they would bring them back to base and store them somewhere, where the enemy couldn't get em back, ONLY IF YOU STILL HAVE A STRIP/WF. People don't realize when they steal tanks, that they are ****ing up the enemy. Its nice when we have 2 tanks with people in them so they don't blow up when the enemy builds one. That way they can only have 6 tanks. I wish more people would do this. cause if you have like 4 Nod tanks, you can attack with them and 8 med tanks beautiful attack
