And he had the guts to say to all "someone is using an aim mod". So I said"yeah, like your head, what aim mod" then he got ****ed off! I was laughing to myself so hard. Even though he then beat my team twice, I have the last laugh, aim mod, whatever, try to dodge, it helps! p.s. I think he is a good player (since he rank higher than me), but just had a really sad moment... rank has very little to do with being a good player, since the only thing u have to do for getting a good rank is to play 24/7 and u will be top 10 in notime.look upp the guy and see his stats instead kills/death ratio and buildings destroyed could be a good pointer instead.
