I was an eng in one game and I pistoled this one guy three times to death. His name is "Pass2beer". And he had the guts to say to all "someone is using an aim mod". So I said "yeah, like your head, what aim mod" then he got \*\*\*\*ed off! I was laughing to myself so hard. Even though he then beat my team twice, I have the last laugh, aim mod, whatever, try to dodge, it helps! p.s. I think he is a good player (since he rank higher than me), but just had a really sad moment...
