quote:Originally posted by bigejoe14:GDI Tips:-Mammoth tanks have two cannons and rockets. Use the cannons on buildings and the rockets for infantry. This has been said before, but I'll say it again. The only reason to use the cannons of the mammoth are that the missiles don't reach. Whenever an enemy unit/structure is close enough to be hit with the missiles, don't hesitate. They always do more damage if hit their target, regardless of the unit type.
