I managed to get an Apache inside a GDI Tib fac once.. lol people were looking for me but couldnt see me untill the n00bs started fixing stuff, I ran them all down got my Apache stuck in the door on the way out, that when I saw an Orca coming out the Wep Fac so I took that as re-payment for the Apache I lost due to their dodgy doors (and my dodgy flying )I'v managed to get a Humvee in side the AGT but nothing else and I can ge the pick-up truck inside any building with a door
