quote:Originally posted by kiwi98989:here is a little secret, if your a high power unit{one that can damage a tank}shoot at it when it comes off the strip or war fac, if you bring it down by 2 squares of health you can steal it. This was added to the patch so when a enemy rush happens and they begin to hit your tank, an allie could move it out of the way for you if it took some damage. try it, i garuntee it will work!   I'll give that ago when I can play again... stupid lag
