[/QUOTE]Also please feel free to throw on as many c4 as you can so that your base is as vulnerable as possible. The rumor about a 30 mine limit does not apply to the team I'm playing against. Remember if you see me on your team we only get 30 c4, if I am not on your side you get 100+ I'm not sure why. [/QUOTE]I wish more people would give handy information like this!So it was a rumor about the max. of 30 mines. I feel really guilty now for all the times I only placed a max. off 30 mines, and yelled to my teammates for placing too many. So that's why we (I) have lost all them times and my \*\*\*\*rank.From now on I have no time for offensive tactics I need all my time now placing mines all over the base. And best of all I shall tell my teammates to do the same!. I can smell victory already and will be soon Supreme commander.WOLname Dutchduc(Now everybody wants me on there team)
