quote:Originally posted by Mmmm_cheese:Talk to someone.. get him to say something back. While hes typing, kill him.   Jokes work good.. then yu have eveyrone typing 'lol' at once. It's lame I know..   Well personly I consider it pointless (and maybe cheating) the thing that makes me really   is when the host starts sending us all messages that we have to click ok (or continue or something) because it is just annoying.
