Okay, here's the deal...I'm not sure if this is going to be nerfed but I was wondering if anyone had any good suggestions for a template for a Critblade? I was thinking Norseman specing in axes but I'm not sure yet. And those of you that think it will be nerfed, give me some good ideas for a Soulblade maybe, like how high should I spec in enevenom or... oh, wait a minute! This is the wrong game, whoops, sorry guys!
