Just played another game... won a 120minute round that I joined late(45 mins into).. I was nod, our team was loosing by 2,000 points. Nod had refinery and hand of nod down, gdi had no wep factory.Soo.. I got a APC once I got enough money from shotgunnig the snipers, and putting timed c4 on everyone. And I ran over all the idiot havocs and gunners, and my APC only died once(from rushing pp, but teamates sucked so it didn't work) and so I got another form all th money I had.. ran over 35+ people in the game, and most were 100 chars.. poor GDI lost by only 300points after time limit. It's sad how much people can suck.. :/
