Hmmm... Friends are good... Every server is filled with a team consisting of 100\% Rambo people... Get a friend on the phone, and get on the same team... The results are amazing... Nod buggy/stealth/nuke rush at \$1400, and everyone is waiting for \$1700... Sniper cover of a beacon... Hourglass works perfectly with this... One guy plants the nuke in plain sight and tries to guard it, and when he dies, the sniper takes over from the top of the map, boinking all those engies just standing there...
