Most of the time I snipe to protect beacons, or I just snipe into the enemy base and work like a scout for my team. One of the best instances of teamwork have happened just randomly. It was Field, I think, and I had just bought a mobius. I headed towards the tunnels to search for SBH activity, and I met 2 mobiuses on my way. Another one joined us out of nowhere, and we took out the air strip and, with the help of a PIC, the Obelisk. It was neat cause we just met up out of the blew.
