Also, I was playing on this game in City, and it was only about a minute left. My team was behind by about 600 points, and I didn't think we were going to win, but I ended up coercing one of my teammates into putting together a 2-man flame rush for the heck of it. By the time we got to the GDI base, there were 20 seconds left, and we decided to attack the Tower. Nobody seemed to care, and nobody repaired the tower. It was destroyed in the 2 LAST SECONDS OF THE GAME, and we won by somewhere around a mere 10 points!
