I was GDI on canyon. As usual, the play was quick and frantic. gdi had lost all our buildings but I forgot which, it was probably refinery got a nuke with my engineer and had 2 or 3 people cover 1 other person had a nuke. We ran through the halls, into the already destroyed hall, and we both placed our beacons. The 3 of us guarded the 2 ion cannon beacons while we shouted to our team to defend for just a little bit longer.... \*\*\*\* their refinery went down 3 seconds into the scoreboard, we heard our 2 ions going off... \*\*\*\* them!
