quote:Originally posted by Leadmecca:No, to my knowledge WW has always intended it to be "GDI" as an informal international police enforcer. Also in any manual it technically is GDI. Yes, but if you wrote GDI on an English exam paper you would lose marks. Acronyms should always be spelt with G.D.I. full stops. If you want to be pedantic about it, then everyone who says GDI should be flamed too. But as Ack is the only person who seems to care, maybe because he has no life outside a computer, why does it matter anyway?
