quote:Originally posted by darksniper:Walk behind the harvester and no one will see you nor the gurad tower or obziket will hurt you!!!!                      been countering this very well with a couple of c4 proxies. Repair the harvester as it comes into the base and while your repairing drop a couple mines in the path it takes into the base. Then when a sneaker tries to follow it they don't notice the c4 until it goes off. Boom "what hit me" Boom "why did I die"
