All day long at work I sit around wishing I was home so I could play this game , but I'm not alone! I tried to convince my boss to let me have tomorrow off soley so I could play Renegade(I told him I had a dentist appointment ), but no, I can't do that for a 3rd time this week Maybe I'll break my leg or something so I can stay home and get compo for a few months while my addiction dies down
