all these storys can be found in that other form...1) a guy found where a newb planted a ion becon and disarmed it and killled him as sone as he was dead the noob said who told him where my becon was????? (his exact quotes had alot more swearing"2) 5 newbi hot wires where repairing the enemys offinsive i planted a nuke becon not to far away and said "aight guys got it in the base" after that all the hotwires/engineirs rand toward base leaveing all tanks to be blown up 3 of which died on the way back in tiberian filleds3)i was had a sniper in one of those over base snipe points and a near by door was open at it was a guy shooting at a mammt tank with a mini gunner (still inside) i sniped him after ward he claimed the guy in the mammy had a "return damage hack" on4) the 4th and biggest idiot of them on after getting killed by a gunner he said u cheater u have god mode on you shouldn't cheat cheaters are ****less fairys then later on in the next round he said "wtf my hack isn't working" 5)also i hate those stupid *****s who walk up to you while your snipeing stand in front of your scope and just look at you then u shoot em and then they waste all there ammo on u then say "cheater" when they're outa ammo6)This guy named GERVAIS86 stole my med right out of the factory (i pressed the "use" key twice by accident) so he steals it and the map is city, i say "Get the hell out of my tank asshole" he doesnt respond, we are losing and refinery has been destroyed; he drives to the tiberium feild closest to the nod base and stops,types "IM GONNA SAVE US NOW!!!", he then proceedes to the enemy base and gets blown up by the obelisk of light.7)I was just in the forum game and some Black Hand chain gun dude was shooting me in the waist, but I headshot him a few times in the head and killed him first. He said what hack are you using?"8)this isn't a story but "boink"9)first of all remember we where all newbies one when i was one my aiming with a grenader sucked well i was shootin at another newbie i knew i totaly missed em .... not that dumb ass thougt we where playin base ball and chased the grenade and went boom10)newb was a blck hand (invisable) i was hotwire now all though stealth u can see them i ran through i tunnle and saw him he didn't think i saw him and sat there waiting 4 me to kill a sniper who was shooting us from our base snipe point i threw land minds around him in that lil cornor he was in (remeber he doesn't think i see him) my dad is nod as well was in the same room i got done and ran back out hes name shortly after ward flashed and i made the kill my dad burst out laughing asking me to come looka t his screen i saw in the chat box in the pt the newbie saying "lol this hotwire doen't see me" "lol hes puttin mines inn a cave" " i think i'll kill em now " then spunky killed (newbis name) spunky is my game spy name11)a newbie who kept takeing ppls tanks got killed he said "hey!!!!1 that guy is in my havester i built and ran me over"   12) *boink*
