quote:Originally posted by Endlessly:K this really really sucks, Im on the list for having the password but the email with the password won't open, it just kinda stalls out when I try and open it. Im not happy at the moment. Oh yeah, my westwood name is Waltz145.hmmm... maybe it's because i use incredimail and for some reason, your system won't open it. why don't you post your email and one of the other players can send you the pw. sorry for the inconvenience.
