If I see them doing it, yes I will tell them to stop doing it. And I just said GDI has the advantage shooting at buildings with little danger to yourself. And yes flame rushes can be stopped easily, if GDI shows the same teamwork as Nod. That's what I'm saying the game is balanced. And putting beacons in PT's is unbalancing, unfair and annoying. I want to win, but fair, a cheated victory is a loss.
