quote:I can't remember which is where exactly, but you've gone past her. When you get to the flame tank you should have just spoken to deadeye. I think hotwire is right at the beginning. She is behind a load of rubble that you have to blast with your rocket launcher. Ya hotwire should be right in front of you as you start near teh fallen copter she should be hte first one you get, you have to taek teh street and not teh ally passage
