I try to do that all the time, Last week gdi the team i was on rushed the nod base and i just took my tank to the NOD-barraks and blasted away with the 120mm cannons and then when i got a wee bit closer, I used the rockets and WOW!! Look at the life drain on that nod-barracks... I learned to use the rockets early in the demo, i was just messing around and it the mouse2 button and rockets came out, I was like, hahaa My enemy is really dead now.. I am evil with a tank... dont hate me, Learn from me.. ADAPT, OverComeE, etc..
