Anyways I make it in a pie tin with a pie crust so maybe I should call it Cheesepie, but that just sounds untastythat's a good point. why is it called cheeseCAKE, when it clearly is a pie?? i think further investigation on this is required. lol.. but yes i have to agree, cheesecake is my 2nd favorite, right behind the one i mentioned above. oh and i like my cheesecake with strawberry or cherrie pie filling on top. mmmmmmmmmmm....
