You people bother the \*\*\*\* out of me. If a person wants to cheat in single player, I don't see why they shouldn't be allowed. It was their 50 bucks, after all. And big deal, if somebody wants to cheat because they suck, let them! No reason to call them a n00b. It's not effecting YOU(it's single player, remember?), so why in the hell do you all gripe about it?
