quote:Originally posted by smwScott:That's stupid, you spend 500 on an APC you have no tactical use for and just shoot buildings with the machine gun. It gives you points and credits but people will just blow you up. You're certainly not gonna make back your 500 before dying.If you play with me you will take that back pretty fast. I take out more infantry with my APC than any sniper in the game. You can run them over or place a few headshots to kill them.(Its the best anti-sniper choice

you can even destroy light armored vehicles. I loooooooooooooooooove the APC.
