I'm addicted to playing the game online. The rotation of maps keeps me interested, otherwise there isn't much difference. Don't buy it for the single-player aspect. quote:Originally posted by Dark_Knight:Well, PsiTanker, I'm considering buying a headset or microphone and then use Roger Wilco, but I haven't got the full game yet. So I can't play with you (that is if you have the full game.)Is the game worth buying or not???I'm playing the demo, but I'm not convinced yet.
