quote:Can't you run over Sydney/Raveshaw?I've never tested but it got me wondering well wonder no more! yes even a lowly buggy can run over those mighty soldiers! actually though, if i was in a buggy and saw sidney, i'd stop and ask her if she needed a ride. maybe take her back to the HON, turn on some music, pour a little wine.... ahem! anyway, yes they can be run over. hope this helps..
