When i got there i lost count of how many times i died at. when i lost track i was at 20. But i beat it all you do is RUN down the ramp behind, you and hide there and the stealths will follow so just kill em. but dont stand still, becuse petrova is cloaked just use a flamer and flame her head off once you kill black hands. then just walk up to sidney and get out. hope it helps.
