Forgive my apparent ignorance, Devon, but I've taken a Nod vehicle right off the airstrip when it was still rolling from being dropped off by the plane. Is that 30 second rule a server option, does it only apply to GDI - you said factory, does that encompass Nod Airstrip as well? If so, I must have been playing on several servers without it.[ March 18, 2002: Message edited by: urban\_skunk ]
