And sometimes, just **SOMETIMES**, the lag can work the miraculous in your favor. I remember doing a hotwire/apc rush once, coming to the Nod entrance, and finding a bunch Mammoths blocking it waiting to screw me good! Well, lucky lucky lag, I just "jumped" right through them, and rolled into base, blowin' up their powerplant. Without the lag, I'd have been toast. Thanks Uncle Lag!!!!!!Problem is, Uncle Lag will more often molest you than help you out!
