It seems everyone says to run and jump to get past base defenses. HOwever it seems if you just run you have a better chance. When you jump it is much slower than just running. Also the gurad towers have such perfect aim trying to dodge doesn't do much good. I admit there is skill to dodging the obleisk but the GDI tower is a joke(on this level) you must just run and pray. If you jump your just asking for a rocket in your arse. Agree? Disagree? Better tactic you have?Fat J
